### PRINCEPS

1967AHab

(formerly Game vE4)

AFRICA INVADES EGYPT, SPAIN; HISPANIA VANISHES INTO THE SUNSET; SYRIA GOING INTO DESERT?

Fall 997: Brian Bailey, Gaul, has moved not at all this year, having missed this last move, too. He is therefore removed from his position in this game. Doug Baker, 19633 S.E. 29th, Issaquah, Wa. 98027, is now the player for Gaul, and is requested to send Winter 997 builds for that country. For this reason, I will not ask for mid-month builds. This will give Doug a chance to conduct a little diplomacy and, in effect, two months in which to get a sound foreign policy going. Ah, sometimes my generosity amazes me, even. A note to the Egyptian player: Margaret, you may not send me moves which are conditional upon other people's moves; moves may be conditional only upon retreats and/or builds. Therefore, both your units were ordered to hold.

AFRICA (Birsan): F Ion (R)-Syr. A Sic (H). F Syr-Cyr, F Tyr-Ion, F GLyo-Tcn (s.c.), F WMar-New (S) by F Gval, F Tin-GGad. Owns: Cir, Car, Tha, Sar, Sic, Tin, Bal, New, Cyr (9). Build 2.

EGYPT (Gemignani): A Ale (H), A The (H). Owns: Ale, The (2). No change.

GAUL (Bailey): NO MOVES RECEIVED. A Tcn, A Nar, F GGad, F Lus, F Bric /H/. See note p.2

HISPANIA (Mebane): F Mil (w.c.)-GLyo /D/ /Tar/. Owns: ~~ML~~ (0). F Mil (w.c.) is removed. Out of game (but stick around, Banks, I may need a stand-by, please).

ITALY (Long): F Sal-Adr. A Aql-Mil (S) by A Rom, F Ion-Tyr, F Ach-Aeg, A Luc (S) A Rom, A Thr (H) (S) by A Mac. Owns: Aql, Mil, Sal, Luc, Rom, Mac, Upd, Ach, Thr (9). Build 1.

PONTUS (Welsh): F Her-Con (S) by F WEUX, F Con-Aeg (S) by F Cre, A Cap-Trs, A Jer (H) (S) by A Jer, A Pal-Cyp (C) by F EMar, A Asi-Pis. Owns: Art, Her, Tra, Asi, Pis, Con, Mes, Ant, Trs, Cyp, Jer, Cre (12). Build 2.

SYRIA (Manogg): F Srho-Cyp, A Nab-Arabs. Owns: ~~Ser~~, ~~Qyy~~, ~~Qyd~~, Nab (1). R move 1 (1 not built, 996, 1/A, 997).

BARBARIANS (Otto Blue Tooth): (A) Arabs-Nab.

RECEIPT DEADLINE for Winter 997 builds/removals is Thursday, 27 June 1968.

### NEWS OF THE WORLD

EGYPT: CLEO TALKS BIG...

To Pontus: Cleo has had some dealings with snakes before. If you don't treat Cleo right, that asp gets more than one bite.

To Orgy: I can see you still care for me, Love. Cleo will help you. She's a fool in love. Straighten up, talk sense, and let's make Pontus cooperative. If you ask me, it looks like Pontus is ready to help himself to what there is to be had, Cleo.../

SYRIA: THERE SHALL COME A VOICE OUT OF THE WILDERNESS...

To Cleo: The Automobile Association of America (AAA) hasn't been invented yet-- and I prefer showers.

To Pontus: You deserve Cleo--but even Cleo deserves someone better than you. Asp, where are you? /With Punjab, you fool.../

To the Barbarians: Soul Brothers! Soul Brothers! /Wrong barbarians, Harry.../

NEWS OF THE WORLD

HISPANIA: WELL, IF NOBODY ELSE WRITES RELEASES, TRUST BERSCHIG...

New Carthage: Constantinus Vg lens Britanicus sends this message to the warring factions of the Empire: "Let us pause from our strife to mourn the passing of Titania, daughter of the fair hills of Italia, betrothed of Hispania! From this day forward, we pledge ourselves to the accomplishment of vengeance upon vile Carthage, despoiler of Rome! The VIth Imperial Legion, 'Iberia', shall take upon itself the colour black, and wear it until the forces of the barbarians are crushed and the Eagles have returned to Rome!"

Publius Facilis Cicero, to the Imperial Senate and the Proconsuls of Rome: For shame, ye greedy soldiers! You have allowed personal ambition to obscure from your eyes the welfare of Rome! Juba-li, that wretched excuse for a ruler, and his filthy, uncouth Carthaginian hordes lay waste to Italia, and you spend yourselves in internecine strife! For shame! You are not the Romans from whom sprang the Caesars! The Senate has fled Rome, and will reconvene again in Lugo, under the patronage of the Proconsul Britanicus, of Hispania, in the fall; those of you who are still Roman are invited to send delegates to Britanicus, who guarantees amnesty to all who accept the invitation, to discuss the future of the Empire.

### IMPERIALISM IX

1967Qaq

(formerly Game VII2)

PERSIAN NAVY CRUSHED IN CYCLADES; THESSALIAN FORTUNES AT NEW LOW EBB; ARGOS FADING AWAY...

Spring 47: Brian Bailey, Ionia, has missed a second consecutive set of moves, and is therefore replaced. The new player for Ionia is Edi Birsan, 48-20 39th St., Long Island City, N.Y. 11104. To answer a question about the map which seems to be bothering a number of you: yes, the Pelasgian Gulf does border Phthiotis and Phrai. The circular bay almost cut off by the southern stretch of Magnesia is part of the Pelasgian Gulf. If I had thought about it earlier, I would have made it separate; but the map is that way, now, and it's too late to change it.

A RGOLIS (Comber): A Patr (S) A Siky /A/, A Siky (S) A Patr, A Kleo-Cori.

ATTIKA (Peerikles): LF Lemn-Thra, F Naxo-SPat (S) by F Slos, F Kykl, F Lyki, and F Arap, F Mgra (s.c.)-Cori (e.c.), F Lesb-NAeg, F NAeg-SMen (S) by F Magn, F SCre (S) F Arap, F Myrt (S) F Kykl, F Saro (C) MAKONIAN A (illegal--sorry, Larry, but I cannot accept "blank check" orders for units; the rules do not permit it, and it comes under the heading a move conditional upon another move--as it is, the Lakanian order was illegal anyway, because it attempted to use the multiple convoy rule allowed in Imperialism VII, but not in this game).

BOIOTIA (Tzudiker): F Tana-NEub (S) by F Eret (s.c.), A Aini-Dolo (S) by A Phth, A Likr I-Aito, A OrkhII-LokrII, F NEub-Pela (S) by F Oreo.

EPIROS (Videtto): F Illy (H), A Apol-Molo, A Tymp (S) THESSALIAN A Elim-Edes.

There is no multiple convoy in this game. If I had accepted Perry's blank check move, which I did not, the Lakonian order would have had to specify the Attikan carrier to complete the convoy, which he did not. The Attikan fleet necessary to complete the convoy was not ordered to do so.), A Azan-Patr (S) by A Phar, A Elis-Azan, A Akar-Aito, A Dodo (S) EPIROS A Apol-Molo, A Troi (S) ATTIIKA F Mgra (s.c.)-Cori (e.c.).

RECEIPT DEADLINE for Summer 427 retreats is Monday, 17 June 1968. They will be sent out to Attika, Ionia, Thessaly, Persia, and Makedon. If you do not receive a copy of the retreat, make your Fall 427 moves conditional upon direction, including annihilation as one of the possibilities. Unless you have some perfectly good reason, Persia and Thessaly, if I do not receive your retreats by the 17th, the affected units will be annihilated.

RECEIPT DEADLINE for Fall 427 moves is Thursday, 27 June 1968.

#### NEWS OF THE HELLENE WORLD

LAKONIA: MESSAGES SENT TO ALL OVER

Sparta, Euripontid Palace: Lysander, Warrior-King of Sparta, speaks to the nations of the Hellene World: Persia -- Drink, greedy Medes, of the bitter dregs of subservience to treacherous Makedon! All Greece mocks the "great" King, and laughs at his impotence to control his sole client, vile Makedon! Makedon -- You have made your pact with the Fire-Worshippers; you have betrayed Greece; you are no longer Greeks! You have set northern Greece aflame with your treachery, and Sparta shall quench the fires of your ambition in a sea of blood! Boiotia -- Your next march west brings you into the land of the men of Sparta; halt your armies now, before you are committed to a street without joy! Raise not your hand against those who would defend Greece against the Medians! Do not follow the example of Makedon, and sell your heritage for a few hectares of blood-soaked soil! Thessaly -- When the Lakonian League sums its assets and ascertains its debts, you will not be forgotten. Epiros -- Be careful /That's what Erda said to Wotan, and you know what happened to her/. Attika -- Combros, called by some the Unwise, has been driven into exile, and all Argos is laid waste; Pallanges and the forces of the League gather strength in northern Greece, and Lysander and the Golden Phalanx march north through burning Argos with the morning sun. Stand fast, Keeper of the Flame of Hellene Culture, for the Spartans are coming! The world will soon be dazzled with the most glorious achievement of Greek arms, as we launch a thousand ships, and burn the topless towers of Illium! Argos -- Requiescat in pacem.

HOPE FADES FOR THESSALY, BOIOTIA; SPARTANS FAIL AGAIN AGAINST ARGOS; IONIA CRIPPLED

Spring 428: Lee Arico, Persia, wrote to say that his maps are amiss in a wash of pers and other school paraphernalia, and asked that his moves be made by Sealed Order (which he sent). As Karl Wittmann's stand-by moves for Persia complied with these Orders, I am going to use them. Lee is reminded, however, that I must have orders next time, or I will have to replace him. Karl, you are again requested, please, to send stand-by moves for Persia in this game.

#### NEWS OF THE WORLD

ARGOLIS: COULD BE, KAMI, BABY...  
Argos: In a moving speech on the steps of City Hall, the Tyrant Kamikazites said farewell to the First Argosian Battlefleet, sunk just after the rats, which were manning the vessels, abandoned them. The Tyrant ended his speech with a cryptic comment: "Whassamatter, am I the only one who writes press releases in this game?"

The Front: Ah, the clash of bronze on bronze as the armored legions clash! The glory of our pennons /?/ marching on triumphant as the cowardly Lakonians disintegrate in front of us! Ah, the exultant cries of Argolian Marines landing to oppose the invaders of Argolis' peaceful territory! Die, dirty Darians! See our glorious Tyrant Kamikazites mow the enemy down by the scores and grosses! See the quavering Spartans ask for mercy and prostrate themselves before our ever-victorious forces! ... Then, when you've come down off your little fantasy trip, you can come out and watch the slaughter.

## NEWS OF THE WORLD

EGYPT: SKRAELINGS COME TO AID OF EGYPT

Alexandria: Pharaoh Balthazar, appearing before the people of Egypt and the Empire of the Lower Mediterranean via the miraculous platform of the Gods which put his image into every room of every building, today publically welcomed back his brother Mountolive from his embassy to the gods. This clearly demonstrates that there is no dissention within the ranks of the Royal Quadruplumvirate. After again declaring his views as to the need for a peaceful solution to the current border troubles with Syria and Carthage, Balthazar honored his brother with a mission of great importance, shipping him off to the Land To The West to act as family overseer for the shipping of the wonder plant, tabakh, to the Imperial shores.

Felusium: The first volunteer Ogallala Sioux /for reasons too detailed to explain here, the Egyptians would have spelled that Su-u/ cavalry brigade, recruited and trained in the Land To The West, has been dispatched on a tour through the homeland, preparatory to joining the Third Imperial Chariot Brigade in its defense against the coming attacks of the treaty-breaking Carthaginians.

VULCAN: THRAX III OFFERS IMPARTIAL AID

The Palace: King Thrax III today held a convocation of representatives of all the major civilized nations of the planet "Earth". His Majesty made clear that "anthropological experimentation" (a term none of the listeners understood) in "Earth" had resulted in an imbalance in the planet's political ecology. Therefore, His Majesty had no choice but to offer to all nations the aid given to one. Any nation requesting aid from Vulcan is notified that such requests should be put in the proper format. Representatives of His Majesty's Government will visit all Earthly capitals this year to determine if such aid is likely to be requested and to aid in preparation of the necessary forms. His Majesty particularly noted that, against the Macedonian elephants in southern Italy, He had a better remedy than a herd of pigs. This correspondent only has one question: what is a "laser"?

#### NEWS OF THE WORLD

MACEDONIA: MACEDONIA PEACEFUL???

Edessa: Philip V would like to reaffirm at this time that we have not, and do not plan to have, assaulted any other nation. We will not join any nation in a Peeryistic type assault. Now, Armenia attacked Tomi without any provocation on, as Philip stated, "Macedonia's part. This was a dastardly assault. Now, we could claim this move as a causus belli, but in Macedonia's true spirit we will demand that the Armenian fleet depart forthwith or else the entire Macedonian army will be launched in a vast orgy across Armenia. Now get that fleet out of there!"

Imperialism XI players, please note: I have been having some trouble with fading of the maps, particularly Map 3. If you have had the same problem, please note that ditto does tend to fade. Now, before the fading progresses any further, ink in the boundaries. You might also indicate the name of each province and the four-letter abbreviation for it if this differs from the first four letters of the name. If your maps have faded to the extent that you cannot read some of the names, then let me know which names you can't read and I'll tell you what they are.

The same applies, if necessary, to the Imperialism IX people. I have had no similar trouble with the Princeps maps.
